

SKYWAY PITCHED

For pitched roofs
as low as 15°

ROOFGLAZE

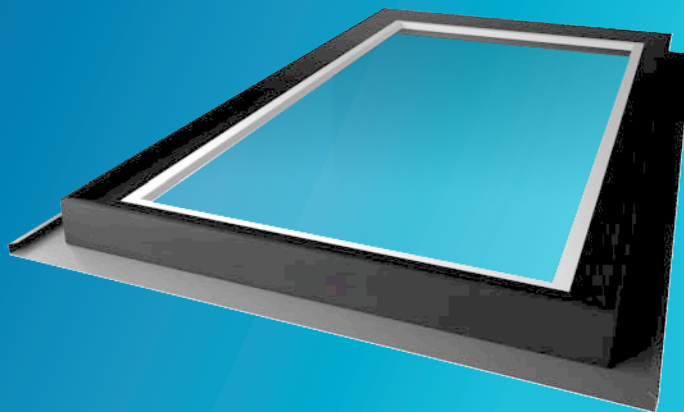

Lighting
by nature™

Daylight solutions for pitched roofs down to 15°, offering minimal sight lines and excellent thermal performance

Key features

- Suitable for all roof types
- Bespoke glass options and frame sizes
- U-values down to 0.4W/m².k
- Industry leading weather testing
- 15-year warranty
- Established British rooflight manufacturer

Description

Skyway Pitched is the ideal daylighting solution for pitched roof applications. The minimal, thermally efficient aluminium framework has been designed to optimise clear sky views. It is available in a range of formats including but not limited to: Single, Multi, Square and Rectangular.

Performance

U Values	As low as 0.4 W/m ² .k
G-values	As low as 0.19
Light transmission	Up to 79.1%
Design loadings	Snow 640N/m ² , Wind 750 N/m ²

Typical applications

Skyway Pitched will transform attics and top floor spaces into usable living and working areas. The new Skyway Pitched range will meet and exceed requirements for most residential, commercial, and public buildings. It can be installed on all roof types.

Accredited testing

- Weather tested to CWCT standards by accredited third party
- Non-fragility compliant solutions to CWCT TN66/67 and TN92
- Class 1 and Class 2 non-fragility also available

Sizes

- Sizes starting from 500mm x 500mm
- Contact sales for maximum size
- Bespoke options and sizes available.

Framing specification and colours

Frames are manufactured from extruded aluminium sections to BS 1474, EN 12020-1:2001. Polyamide thermal breaks make the frames fully thermally broken and extremely thermally efficient as proven with WINISO™ thermal modelling software.

All powder coating is Marine Grade on standard matt colours. Polyester powder coated aluminium frames standard matt RAL Colours:

- Anthracite Grey (RAL 7016)
- Pure White (RAL 9010)
- Jet Black (RAL 9005)

Bespoke RAL colour options are also available.

Glazing specifications

Skyway Pitched is available in a wide range of glazing options including;

- Laminated glass
- Triple glazed glass
- Solar control glass

Please enquire for full list.

Technical support

- BIM objects
- NBS/ SpecifyBy specification documents
- Product CAD drawings
- Technical data guide
- Installation guides
- Install and survey services
- Thermal modelling
- Performance and structural calculations
