to install

Concealed
fixings

Skyway Pitched

The ideal daylighting solution for pitched roof applications.

Frame specifications

The minimal, thermally efficient aluminium framework has been designed to optimise clear sky views.

Frames polyester powder coated to Marine Grade as standard, available colours:

- Anthracite Grey (RAL 7016)
- Pure White (RAL 9010)
- Jet Black (RAL 9005)
- **Bespoke RAL colour options also available.**

Typical applications

Skyway Pitched will transform your space or working area. The range will exceed requirements for most residential, commercial and public buildings.

- Attics / top floor spaces
- External buildings and extensions
- Living rooms
- Home office
- Kitchens
- Bathroom

Trust the experts

Quick lead times from an established UK British rooflight manufacturer.

Accredited testing

Industry leading weather testing by accredited third party to CWCT standards.
